

Virginia Association for Hospices & Palliative Care and the  
Hospice Education Network  
Offer COMPLIMENTARY Programs!

**May 2010**

Virginia Association for Hospices & Palliative care (VAHPC) is pleased to announce a new partnership with the Hospice Education Network (HEN) and the opportunity for hospice members to sign up for two complimentary programs from HEN's extensive library of hospice-specific streaming video courses.

The Hospice Education Network, owned and operated by Weatherbee Resources, Inc., is a comprehensive, innovative service for hospice programs that offers staff orientation programs, annual in-services, volunteer training, and specialized learning modules to address the educational needs of hospice programs of all sizes. A unique feature of HEN is that a hospice's subscription includes unlimited 24/7 access for ALL of the hospice's staff and volunteers. In addition, many HEN programs provide nursing and/or social worker CEs at no additional charge.

Through VAHPC's partnership with HEN, all members may register for a two-month subscription to two HEN courses at **no charge**. This is a unique opportunity for hospices in Virginia to provide their staff and volunteers access to courses presented by nationally-recognized experts in hospice and end-of-life care. The Virginia Association for Hospices & Palliative Care and the Hospice Education Network are committed to providing hospices with the highest quality online educational programming available.
